

Granville Kitchell has just let a contract to J. E. Busey for the wiring of his entire block of buildings. Kitchell is just as progressive as the best of us. Busey will furnish the electricity from a 1500-watt Western Electric plant located in the garage part of the building. There will be about seventy lights handled with the outfit.

We understand that R. P. Shaya Company and The Fairview Pharmacy have just let contracts for wiring in the Foster row. J. E. Busey got the jobs. Juice will be furnished from the Western Electric light plant which Busey sold to Richard Kilmurray.

Work has again started on the Mills school building, and they expect to have the first unit completed by early winter. Next year they expect to vote additional bonds and build another unit to the building. This is the right thing to do, and Mills will soon have a school building equal to any on the mesa.

P. A. Barnett, who has been looking after business interests on the Mesa the past two months, returned to his home at Tar River, Okla., last Saturday.

LIBERTY

School is progressing nicely, with Mrs. Fulk in charge.

Miss Frieda Mitchell is attending High School in Raton.

Geo. Lucas and family spent the week-end visiting friends in Dawson.

The many friends of Grant Wortman, son of Mrs. Agnes Wortman of Chicago, will be pleased to know that he recently graduated from a business college and is holding a nice position with a law firm. Grant expects to study law and be ready to be admitted to the bar when he reaches the required age.

Ed Smith and wife of Mills, Mrs. J. S. Russell and daughter, Helen, of Roy, were the Sunday guests of Robt. Holmes and family.

Earl McMinimy and wife and Mrs. F. A. Roy of Roy were pleasant callers at M. M. Ogden's last Friday.

The Anderson and Maits and Hall threshing machines are busy in this locality and the grain will soon be on the market. Much wheat has been sown and the prospective yield is fine.

We missed the Liberty items last week, and had a number of inquiries as to why they were not in the paper. Our correspondent was unable to write news from that popular community last week, but we have a nice bunch for this week.

C. E. Hobson, the Roy jeweler, is one of the busiest men in Roy these days and is receiving practically all the work he can do. We have watched many watch repairers, but have never seen one that can turn out the work in the time that Mr. Hobson can. Up to date he has repaired about 75 watches and clocks in the few days he has been in Roy, and everyone has been guaranteed so far as the work is concerned. Another thing we noticed is that one does not have to leave their watch for weeks in his place of business to get it repaired, but it is generally ready for delivery within a day or two after being left at the office, unless it is necessary to send for some particular repairs. If you have anything in his line that needs repairing, don't be afraid to bring it to him, for he can surely do the work.

DOES ADVERTISING PAY?

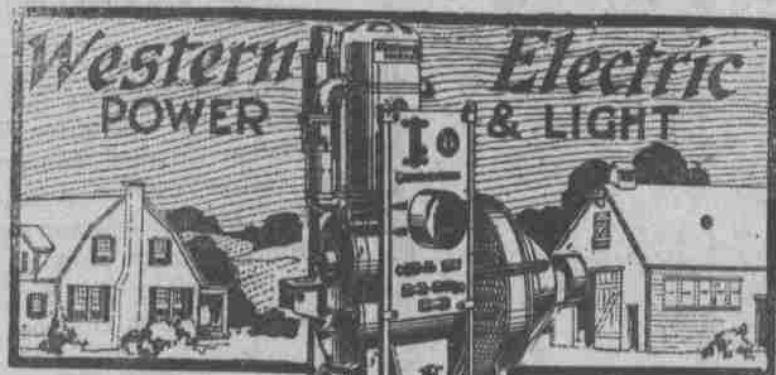

The Roy Trust and Savings Bank mailed out about 1200 advertising letters over the mesa last Tuesday in the form of a little paper called "The Mesa-Farm Bank Notes", which is filled with news items on thrift and other subjects. It also contains a lot of good sound advertisement and is worth reading, every word of it. Yes, it pays to advertise, and the Roy Trust and Savings Bank is a sound believer in plenty of printer's ink. Don't lay your little paper aside, but read it through, and you will find you have bettered yourself by reading your "Mesa-Farm Bank Notes."

FOR SALE

Child's bed and mattress; coal oil stove and oven, also five dining room chairs. Cash only. Call or see Raymond Pendleton.

The Chamber of Commerce was unable to get its bylaws completed for the meeting Monday night, and same was postponed for next Monday night. Everyone be present, as several important matters will come before the meeting.

Mr. J. M. Bentley, the obliging cashier of the Wagon Mound bank, and Miss Whitehair, bookkeeper of the above bank, spent Sunday evening at the Bentley home in Roy. They came over the new bridge and returned over the same road. Mr. Bentley says it sure is some road, and could stand a little fixing in several places.

For Your Farm with Western Electric Back of it

Sisters of St. Dominic, Roy, N. M.

The little son of Mr. and Mrs. Ernest Cameron was seriously hurt when a horse which he was riding fell on him, bruising him internally and other places.

He was brought to the Plumlee hospital and is reported improving nicely.

J. C. Fuller of Marshalltown, Iowa, is the new clerk at the Fairview Pharmacy. Mr. Fuller is an ex-soldier of the world war, and comes well recommended, and from all appearances will be a valued addition to that popular place.
